# MUNICIPAL AUDIT PROGRAM (MAP) – 2001

## I. *Background and Purpose*

The State Elections Enforcement Commission is authorized by Section 9-7b of the Connecticut General Statutes to inspect the campaign finance reports filed with the Secretary of State as well as those filed with town clerk offices, and to audit the accounts of records of campaign treasurers.

The Commission's audit program is intended to ensure compliance with the campaign finance requirements, educate committee treasurers concerning their duties and responsibilities, and provide meaningful information about campaign finance practices to the Commission.

## II. *Scope*

The Municipal Audit Program is confined to a review of campaign finance records filed with municipal clerks. One third of the towns were selected for review according to a selection process described later. In each of the selected municipalities, all committee reports were reviewed for the 2001 election year filing dates. All types of committees were reviewed including single candidate, exploratory, slate, ongoing political action, town, and referendum committees.

## III. *Procedure and Methodology*

### Selection Process

All 169 Connecticut municipalities were first sorted by population from highest to lowest, using the population as of the last completed decennial census (2000). Each town was then assigned a number: one, two, or three. The last digit of the Connecticut Daily Four Number from November 5, 2002 was used to determine which group would be reviewed. The following system was used in order to determine what each number would represent:

Lottery Digit	Seed Number
1	1
2	2
3	3
4	1
5	2
6	3
7	1
8	2
9	3
0	no selection

## **MUNICIPAL AUDIT PROGRAM (MAP) – 2001**

The number for that day was 5-1-2-9, therefore, all towns seeded three were selected. A total of fifty-six municipalities were selected for review in the 2001 Municipal Audit Program. (See Appendix A.)

### **Review Process**

The Commission's audit staff of Dara Haqq and Dianna Kulmacz completed the review process in each town. This was done in compliance with the State Elections Enforcement Commission's Audit Manual and the 2001 Municipal Audit Program. For town committee campaign finance records, the Commission staff used the registration form and reports filed with the Secretary of the State's office.

Each town selected was visited in order to review the municipal candidate, political action and referendum filings on file with the Town Clerk for the purpose of ensuring compliance.

### **Audit Reports**

Each committee that was formed for an election or referendum held in the 2001 calendar year as well as each party and ongoing political committee were reviewed. A total of 331 committees received an audit report detailing errors and violations discovered in the reporting of campaign contributions or expenditures.

### **Candidate Reviews**

In the 1/3 of towns reviewed, approximately 2,177 candidates ran for office during the 2001 municipal election. All candidates appearing on a municipal ballot were reviewed to determine whether the required paperwork (Form ED-49, *Registration of Candidate Committee* or Form B-4, *Certification of Exemption from Forming a Candidate Committee*) was filed before the election. As a result, Commission staff sent 1,633 correspondences to candidates that did not form a candidate committee informing them whether or not they followed proper procedures in reference to the filing of the required B-4 form. Requirements were explained in the letter and, when applicable, each candidate was advised that future compliance was expected.

## **IV. Findings**

### **1. Campaign Treasurers**

- a. First time treasurers do not familiarize themselves with campaign finance laws; nor do they adequately read the instructions for completing the ED-45 forms, periodic treasurer's statements.
- b. As a result of previous reviews, treasurers are more aware of the Commission's enforcement as well as advisory role.
- c. Overall violations appear to be a lack of diligence on treasurer's part to properly and fully itemize information i.e. complete contributor information, fundraiser receipts, and use of expenditure codes.
- d. The reporting of excessive contributions and prohibited contributions was not significant, comprising less than 1% of total reported violations.

## **MUNICIPAL AUDIT PROGRAM (MAP) – 2001**

- e. Treasurers are pleased that the Commission staff reviewed reports and have staff contact for further questions.
- f. Treasurers, whose reports were reviewed, now seek staff assistance in filing recent reports thus enhancing compliance.
- g. Treasurers who are required to take corrective action have responded more accurately and promptly in amending campaign finance disclosure statements.

### **2. Candidates**

- a. 377 candidates out of 2,177 reviewed failed to file required paperwork before the municipal election.
- b. Some candidates in small towns were unaware that their names appeared on election ballots until after the ballots were printed.
- c. There continues to be misuse and nonuse of the B-4 forms, *Certification of Exemption from Forming a Candidate Committee*, especially in small towns. These errors are attributable to candidate's lack of knowledge of campaign finance laws.
- d. Candidates are receptive of the audits conducted by the Commission's staff.

### **3. Municipal Repositories (Town Clerk Offices)**

- a. During field visits, Commission staff was well received by the Town Clerks. Clerks are aware of staff's past presence in town halls and are pleased that the municipal filings were reviewed making their time and effort worthwhile. Clerks are also pleased to have a Commission staff liaison to contact with questions, and to refer to their constituents.
- b. There has been improvement in the maintenance and oversight of campaign finance filings with Town Clerks but a majority of clerks feel that they lack the resources to properly comply with the campaign finance aspect of their multiple duties.
- c. Even with minimal storage space in some Town Clerk offices, compliance with their statutorily required record retention is still being achieved.
- d. Clerks have shown significant improvement in compliance with date and time stamping filings upon receipt.
- e. Clerks still remain hesitant to refer non-filers to the Commission.
- f. Town Clerks continue to remain apprehensive about collecting late filing fees.

### **4. Access to Information:**

- a. Town Clerks are more aware of where to seek and request campaign finance compliance information.
- b. Significant increase in contacts made by Town Clerks, treasurers and candidates with Commission staff that is attributable to the 1999 Municipal Audit Program conducted by Commission staff.
- c. Town Clerks were given a copy of a one page informational flier titled "Notice to 2003 Municipal Candidates Regarding Compliance with Campaign Finance Laws" along with sample letters to be used as a template for contacting candidates and treasurers and for referring non-filers to the Commission.

## MUNICIPAL AUDIT PROGRAM (MAP) – 2001

### 5. Statistical Highlights

- a. 331 committees (consisting of Candidate, Party, Referendum, Slate and on-going Political Action committees) were reviewed; aggregate amount raised was \$4,289,524. (Since one third of all municipalities were reviewed, it is estimated that there were 993 committees filed in all 169 municipalities, and a total of \$12,868,571 in funds raised for all municipal candidates and referenda.)
- b. 76.4% of total monetary receipts by all types of committees were derived from individuals.
- c. Candidate committees raised the most funds during the 2001 municipal election, accounting for 70% of total monetary receipts.
- d. 89% of total candidate committee funds raised are for CEO (Chief Executive Offices) e.g. Mayor, First Selectman.
  - Top 3 CEO committees account for 46 % of all candidate committee funds and 52 % of CEO funds
  - Highest amount raised was by candidate committee, DeStefano for Mayor-\$706,765.
- e. 79% of the aggregate amount (\$189,671) of fundraiser ad book purchases were made by business entities.
- f. 67% of total “*Other Purchases not Considered Contributions*” consisted of incorrectly reported ticket sales.
- g. Based on population, the top 10 municipalities account for 68% of funds raised and 40% of committees reviewed.

### V. *Audit Program Comparisons*

#### 1. Statistical Comparisons of Municipal Audit Program 1999 (MAP 99) vs. Municipal Audit Program 2001 (MAP 01) vs. General Assembly Audit Program 2000 (GAAP 00)

- a. Fewer committees registered for 2001 municipal campaigns compared to 1999 municipal campaign, yet aggregate amount raised was \$600,000 more during MAP 01.
- b. Decrease in reporting of “other receipts” since MAP 99 attributable to correctly reporting fundraising proceeds as contributions; possible source of some of the increase in individual contributions.
- c. Municipal campaigns in 2001 were more dependent upon contributions from individuals (70%) than the General Assembly candidates in 2000 (45%).
- d. General Assembly candidates in 2000 campaign raised more than four times the amount of committee contributions compared to municipal candidates in 1999 and 2001.
- e. General Assembly candidates in 2000 campaign raised more than three times the amount of funds from program ad purchases compared to both MAP 99 and MAP 01.

## **MUNICIPAL AUDIT PROGRAM (MAP) – 2001**

### **2. Other Comparisons of Municipal Audit Program 1999 (MAP 99) vs. Municipal Audit Program 2001 (MAP 01)**

#### **Town Clerk Observations**

- a. Town Clerks of towns previously reviewed in 1999 were more familiar with their statutorily required responsibilities.
- b. Significant decrease in the number of candidate non-filers.
  - In towns previously reviewed, there were a total of 15 non-filers for 2001 compared to 44 for 1999.
  - In comparison of all towns visited, in 1999 31% of candidates (533 of 1,720 total candidates) failed to file required paperwork compared to 17% for 2001 (377 of 2,177 total candidates,) an overall 55% improvement.
- c. Town Clerks have significantly improved compliance with their statutory duty to contact candidates and treasurers and informing them of filing requirements.
- d. Following the MAP 2001 audits, there has been an increase in the number of non-filer referrals by Town Clerks.
- e. Since MAP 99, there has been an increase in the number of late filer fees collected by Town Clerks.
- f. As a result of MAP 99, Town Clerks are more vigilant in attempting to fully comply with their statutory duties.

#### **3. Treasurer Observations**

- a. Treasurers who have been previously audited are more aware of their statutory responsibilities and have taken steps to enhance their knowledge.
- b. There has been an improvement in accurate completion of campaign finance filings prepared by repeat treasurers.
- c. There were a total of 45 repeat treasurers of which more than 50% had 2 or less repeated violations.
- d. Overall, treasurers were well receptive of our reviews and there were greater attempts to accurately complete the campaign finance disclosure statements on the first try.

#### **4. Candidate Observations**

- a. As a result of the Commissions initial MAP 99 audits, candidates have become more aware of filing requirements and have contacted the Commission more frequently for advice.
- b. In audited towns, there were 457 more candidates on the ballot in the 2001 municipal election compared to the 1999 municipal election.
- c. Overall, there has been a significant improvement in candidate filings. During MAP 99 reviews, 31% of candidates failed to file required paperwork compared to 17% for 2001.
- d. Of the towns previously audited, there were instances in which 15 candidates failed to file in 2001 compared to 44 non-filers in 1999, a decrease of 66%.
- e. Mistakes found on B-4 forms filed by candidates during the 2001 municipal election are similar to those found during 1999, such as not providing the name of funding source or not checking the box that identifies how the candidate's campaign is to be

## **MUNICIPAL AUDIT PROGRAM (MAP) – 2001**

funded. The instances of errors found during the 2001 reviews have been less frequent in comparison to 1999.

### **VI. *Recommendations***

1. Town Clerks uniformly support the transfer of the repository function of municipal campaign finance filings to a central state location, which was recommended in the MAP 99 Summary Report. This transfer would result in a more effective and uniform administration of the repository function.
2. Statutory change to 9-333y to require filing repositories to refer, to the Commission, candidates that fail to file exemption or candidate committee registration statements.
3. Increase education concerning the Commission's dual roles of ensuring compliance and providing advice concerning requirements.
  - Advertise the Commission's new toll free number and website address in as many mediums as possible.
  - Increase publicity of campaign finance seminars given by the Commission every summer.
  - Continue to supply Town Clerks with written explanatory materials, fact sheets and the like.
  - Continue to provide treasurers, Town Clerks and the public with Commission publications.
  - Prepare FAQ sheets outlining Town Clerk, Treasurer and Candidate's campaign finance responsibilities, which should be disseminated frequently and through the best possible mechanisms, such as,
    - i. Filing dates.
    - ii. Submission to the Office's of the Secretary of the State and Town Clerks for distribution.
    - iii. Utilize Town Clerk Association's new website.
